Tree Board Mission: To protect and promote trees for the present and the future

Trees are an invaluable natural resource. When the Town of Estes Park became a Tree City USA in 1997, the Town Board recognized the importance of trees by creating the Tree Board. In addition to advising the Town Board on matters of public safety, the Tree Board works to help residents appreciate the value of trees, maintain the health of their own trees, and add to the beauty of the Estes Valley by planting trees as gifts or memorials.

Requirements for the Tree Board Applicant:

1. Attend meetings the first Friday (excepting holidays) of the month at 9 a.m. at Town Hall.
2. Participation and planning in the following events:
 - a. Tree Symposium
 - b. Arbor Day Celebration, in conjunction with Tree City Requirements
 - c. Develop an arboretum of native trees at the visitor's center
 - d. Legacy Tree Program
 - e. Website planning for the Tree Board Page & Associated links
3. Requires additional time as needed, for special projects such as the annual Tree Symposium and Arbor Day (both in the first week of May).

Please reference the Town of Estes Park's website <http://www.estesnet.com/PublicWorks/Parks/TreeBoardPage.aspx> to view meeting minutes, projects and associated links.

Submit Town of Estes Park Committee Member Application and letter of intent to: The Town of Estes Park, Human Resources Department, P.O. Box 1200, Estes Park, CO 80517. Posting closes at 5:00 P.M. March 22, 2010. Application forms are available at the Town Hall, 170 MacGregor Avenue west foyer or on the Town's web site at www.estes.org/jobs.
